President's Remark

We are pleased to welcome you to the 2011 International Conference on Teaching, Learning and Change and the 2011 International Technology, Education and Environment Conference holding in Omoku (Nigeria). The conferences are organized by African Association for Teaching and Learning (AATL); African Society for the Scientific Research (AASR) and Federal College of Education (Technical), Omoku-Nigeria in cooperation with other institutions.

ICTL2011 and TEEC2011 are international forums for those who wish to present their projects and innovations, having also the opportunity to discuss the main aspects and the latest results in the fields of Education and Research. Our aim is to inspire and provoke crucial discussions and debates. The event boasts critical thinking and reconsiders policies and practices.

ICTL2011 and TEEC2011 seek a diverse and comprehensive program covering all areas of teaching, learning and development. The program includes a wide range of activities designed to facilitate the exchange of expertise, experience, and resources amongst colleagues.

The ICTL2011/TEEC2011 is held in the historical town of Omoku located in the South-South part of Nigeria. The event brought together teachers, scientists, technologists, policy makers and graduate students from across the globe to promote exchange and discussion of issues relating to the theme and sub-themes.

The ICTL2011 and TEEC2011 received 570 proposals. The conference academic advisory board accepted 250 proposals. We have Board members and delegates from 50 different countries.

We are grateful to the Provost, Management, Staff and Students of Federal College of Education (Technical), Omoku for hosting the conferences. We are grateful to our distinguished Keynote Speakers, Special Guests, Programme Committee, the LOC and delegates for making this event a success.

I, on behalf of AATL/ASSR and cooperating partners feel honoured to be hosting the conferences in Nigeria. We look forward to seeing you again at our next conferences.

Welcome!!!

NOTE:

- Attempts have been made to schedule all papers accepted for the conference. There may be some changes in timing.
- Registration covers one paper and the participation of one author.
- Delegates not registered would not be allowed to present their papers nor receive their certificate of participation.
- Use of laptop is required for effective participation in TEEC2011 and ICTL2011.
- Presenters should get the updated Programme that is distributed with the conference bags, search for their presentation slot and be in the presentation room 10 minutes before the session starts. The presentations are performed by the order the papers appear in the Programme except if anyone requests for changes and the session chair agrees to them. Conference presenters must follow session chairs indications and comply with the presentation times that they are allowed to.
- Each presenter will have 10 to 15 minutes for presentation and 5 minutes for discussion. Delegates are required to come along with their laptop. Each room has one laptop that can be used for your presentation. There is also a computer projector for PowerPoint presentations. There's no overhead projector. All authors are required to bring their presentations in electronic format (i.e., PowerPoint).
- Please Note: certificates will only be delivered after presentations.
- Admission to the conference programme including the welcome dinner is strictly for registered delegates
- Please contact Conference Secretariat on arrival if you have any specific requirements
